SUMMARY

Motivated and adaptable developer skilled in creating engaging solutions. Well-versed in a range of technologies. Committed to delivering quality results and eager to apply my expertise to any project.

EDUCATION

BS Software Engineering – FAST NUCES

September 2020 – June 2024

- CGPA: 3.15

EXPERIENCE

Big Data Analytics – Software Engineer Intern

July 2024 – September 2024

- Developed and maintained over 20 web scrapers to extract and clean data using Python, Selenium, and Scrapy.
- Improved data accuracy by 60% through validation and cleaning processes.
- Optimized existing scrapers, enhancing efficiency, and used MySQL to store and manage extracted data.
- Collaborated with teams using Slack and GitLab for version control, effectively tracking and managing code changes.

FAST NUCES – Teacher Assistance

Feb 2024 – June 2024

- Aided the instructor in the Web Engineering course, supporting over 30 students.
- Helped students to address learning needs and challenges.

FastDev Labs – Web Developer Intern

July 2023 – September 2023

- Contributed to a client project, developing React.js front-end components.
- Implemented server-side logic and API integration using Node.js, Express.js and managed MongoDB database.
- Collaborated with cross-functional teams, ensuring project delivery within deadlines.

PROJECTS

Manzil NOW (FYP) – Flutter, React.js, Tailwind CSS, Express.js, Node.js, Firebase

April 2024

Manzil NOW is an advanced ride-hailing app prioritizes user safety with a feature for female passengers to request female drivers. An admin dashboard with role management enhances customer support, driver management and complaint resolution.

Full Stack Blog App – Next.js, Tailwind CSS, Express.js, Node.js, Next Auth, MongoDB

Jan 2024

Developed Web Application with features including user authentication, CRUD operations for blog posts, role management, and a responsive design using Tailwind CSS. Achieved seamless integration of front-end and back-end functionalities.

Food Delivery App – React.js, Tailwind CSS, Express.js, Node.js, MongoDB

Jan 2024

Developed a food delivery web application with features like user authentication, menu browsing, order placement, and add to cart. Ensured a responsive design using Tailwind CSS for a seamless user experience.

Employee Management System – HTML, CSS, Bootstrap, JavaScript, Express.js, Node.js, MySQL

June 2023

A Web app that allows administrators to add employees, while team leaders could create and manage projects, assigning employees according to their roles.

KEY SKILLS

HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, React.js, Next.js, Responsive Web Design, Node.js, Express.js, RESTful APIs, Firebase, MongoDB, SQL, MySQL, Python, Selenium, Scrapy, C++, Git, GitHub, GitLab

CERTIFICATIONS

Data Manipulation in SQL – DataCamp

September 2023

React – Sololearn

July 2023

JavaScript – Sololearn

July 2022

HTML5 & CSS3 – Pirple

July 2022
